

HB 1053 -- Prevailing Wages

Sponsor: Lant

This bill establishes the Disaster Area Construction Act which exempts construction projects to rebuild or repair any school facility or county, city, town, or village structure or infrastructure damaged by a disaster from the prevailing hourly wage rate requirement upon a majority vote of the governing body of the school district or the county, city, town, or village. If a school district or county, city, town, or village exempts itself, it must notify the Division of Labor Standards within the Department of Labor and Industrial Relations. These provisions will not apply to the City of St. Louis and Kansas City.
